Education

❖ University Gafsa- Higher institute of the Applied Biological Sciences of Gafsa- ISSAT Gafsa

National Professional Master's Diploma
In Embedded System, Science and
Oct. 2019 - août 2022

The Bachelor's degree (Licence) Applied
License on Electronics, Electro-technical
and Automatic, Science and Technology
2016 - 2019

❖ University Tunisia - National Hight School of Engineering of Tunis

Research Master's Degree in Data-
Science, Science and Technology
sept. 2022 - nov. 2023

Skills

- Statistical analysis and statistical
- Supervised /No supervised learning
- Deep Learning & Machine Learning
- Applied mathematics & Predictive
- modeling & Problem resolution
- Collection of data & Data mining &
- Data visualization
- SQL/NoSQL
- Python & R & C/C++
- Linux

Objectif

Data Scientist specialized in data mining, data visualization and development of tools based on machine learning and deep learning.

Two masters: Embedded systems and Data science, I adapt my following method to your specific activity to support each step:

- Analysis of your problem and qualification of needs.
- Identification of necessary data and enrichment.
- Analysis and visualization of data.
- model development and optimization.
- Validation of the model.
- industrialization and deployment.

Experience

The Ministry of National Defense of Tunisia · Temps plein

7 ans and 4 month

Non-Commissioned Officer

sept. 2009 - déc. 2016 · 7 ans and 4 month

Tunisie · Hybride
